A HYBRID SOLAR SYSTEM

FOR YOUR HOME & BUSINESS

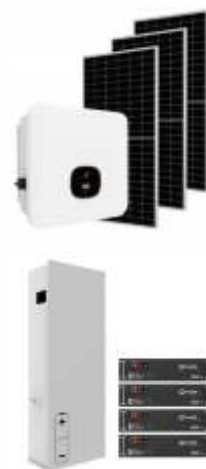

Would you like your household to become energy-independent?

Would you like inexhaustable solar energy to help you with that? **Order your free audit today.**

We'll visit your home, calculate its energy demand and in the process - we'll select a solar system with power optimal for your needs.

Ensure your energy independence

- a **5 kW** solar system starting from **£10 000***
- a **7 kW** solar system starting from **£14 000***
- a **10 kW** solar system starting from **£20 000***
- a **4 - 7 kWh** solar battery from **£4 288***
- a **7 - 9 kWh** solar battery from **£5 185***
- a **9 - 13,5 kWh** solar battery from **£5 920***

What can we offer:

- quality components with certificates approved across Europe,
- long warranty periods regarding inverters, solar panels as well as their efficiency,
- professional assembly crews** (ready to start work shortly after agreeing the quote with the client),
- comprehensive service from the beginning to the end of the investment.

REMEMBER ABOUT THE 0% VAT TAX ON SOLAR PANELS AND CHECK IF YOU'RE ELIGIBLE FOR AN ECO4 GRANT

WE'RE BOUND BY GOOD ENERGY

* the final price depends on components selected by the client

** predicted deadlines may depend on the number of orders - it might be worth noticing if we managed to pick your interest ;)

GlobalECO
GRUPA

The **GlobalECO** team is a group of qualified people, including specialists and engineers. Our main aim is to care for the environment and climate through education and raising environmental awareness. We perform our daily tasks with utmost care so that the services we provide are always at a highest level possible.

Why choose us:

- over 3000 clients already trusted us
- we're present on the market since 2010
- our crews have necessary training and certificates
- we use individual approach towards each client whom we guide from the beginning to the end of the project
- check us on www.globaleco.pl/en
